

Have You Seen the Air?

How is a man unborn?
Unfurl, tragic thorn
Trees built the forest horn
And have you seen the air?

Image of news and light
Drawn to a powered sight
Invalid all, contrite
Have you seen the air?

Step one wood building, step two
bronze
Iron too followed
Make the mind a large mechanical
creator
Soon we build our world of
stone!

Soon the realization of the great mind
Built the printing press, knew the laws of nature
had to digress
built the big factory

Step three digital electronic conversion
ones and zeros now
talk to anyone anywhere send data live long

Avez-vous vu l'air? Comment un homme est-il de l'unborn? Unfurl, les arbres tragiques d'épine ont-ils construit le klaxon de forêt et avez-vous vu l'air? L'image des nouvelles et de la lumière dessinées à une vue actionnée incorrecte tous, contrite vous ont vu l'air? Le bâtiment en bois d'étape une, fer en bronze d'étape deux trop suivi font à l'esprit un grand créateur mécanique bientôt que nous construisons notre monde de pierre! Bientôt la réalisation du grand esprit a construit la presse, a su que les lois de la nature ont dû des digress ont construit la grande usine La conversion électronique digitale d'étape trois ceux et des zéros parlent maintenant à n'importe qui n'importe où envoient à des données de phase long

Did you see the air? How a man is unborn? Do Unfurl, the tragic trees of spine have builds the horn of forest and you saw the air? Did the image of the news and the light drawn at an incorrect actuated sight all, contrite see you the air? The building out of wooden of stage one, bronze iron of stage two too followed make with the spirit a great mechanical creator soon whom we build our stone world! Soon the realization of the great mind built the press, knew that the natural laws had of the digress built the large factory the digital electronic conversion of stage three those and about the zeros speak to no matter whom now anywhere send to data of phase length
